Advising Farmers in Guatemala

Submitted by jcupp on April 28, 2015

Teresa Sanchez, who works with a USAID partner, visits farmers in the highlands of Guatemala to see how they are doing with planting new crops and using fertilizers. She treks for hours to remote villages to provide technical support for rural farmers. She is one of the only women who has taken on this leadership role and has gained the trust and support of the local farmers. *Photo by Greg Kahn for USAID*
