Community Leaders Sharing Knowledge

Submitted by lbork on November 13, 2015

Grace Zulu (center), a community agriculture dealer, teaches local farmers how to spread fertilizer at her demo plot at Chnini agriculture camp in Chakuwawa village, Zambia. Grace also explains the benefits of the fertilizer, which helps the crops retain water so even during dryer wet seasons the crops will survive. Zulu has used the extra money she's made using modern farming techniques like this to buy her cows and iron siding for her house. *Photo by Greg Kahn for USAID*
