Call for Concept Papers Related to Feed the Future's Research Strategy

GDA APS Addendum for BFS - CLIMATE RESILIENT CEREALS

Through an Addendum, the Research Division of the Bureau for Food Security at USAID is making a special call for concept papers related to the Feed the Future initiative's Research Strategy to advance the deployment of new climate resilient cereal varieties. Please view the [addendum listing](#) on Grants.gov for more details, eligibility, and the application. The closing date for submissions is February 29, 2012.
